Upcoming tests & projects

- 11/4 – Fractions as Division/Dividing Fractions Test
- 11/4 – Science Quiz on Unicellular and Multicellular Organisms

A note from your teachers:

Parent(s):

Happy November!! We're really hoping to enjoy a little bit of fall weather in November before winter shows up!!

This week is a busy week for us! We have the family marathon on Wednesday. If your child is participating, please make sure running logs are turned in by tomorrow, November 1. All families are welcome to cheer on or run with our crew! Mrs. Jones and I will be running in the marathon and we hope to see you there!

Please note we have a test in math on Monday as we end our unit on dividing fractions, and also a quiz on cells. Students should know the difference between unicellular and multicellular organisms and the 5 life processes. They will get additional notes on this tomorrow, but already have some notes in their binder to prep!

We are still in need of: small water bottles and individual snacks (no nuts)

Have a great weekend!

Becky and Marie
