## Upcoming tests & projects

- 10/18 – Multiplying Fractions Post Test
- 10/18 – Science Quiz (Inherited Traits and Learned Behaviors)

## A note from your teachers:

Parent(s):

Happy Friday to everyone! It has been a BIG week in the classroom as we began our first full week of the quarter. I think you'll have some exhausted kids at the end of today ☺

This week, teachers will meet first thing on Monday to get all of the information on our Boosterthon fund raiser. As soon as we have the details, I'll send it home.

The kids are doing an incredible job working toward their goals in both Math and ELA. We're so proud of them, so keep up the good work.

Finally, we'll end our week next week with a math test and a science quiz. I'll post a blank study guide on google classroom to help them prepare for science. They can use their notes from this week and next to complete it. It is optional, but a useful tool to help them prepare for the quiz!

Enjoy the rest of your weekend!

Becky and Marie
